

## EELP WARRANTY

### **Life Safety**

Any component of our Life Safety line that fails due to a manufacturing defect, will be replaced within 5 years of the invoice date. Replacement will be for the failed component or a new unit at EELP's discretion. All defective units are subject to manufacture testing. Should any failed unit be found defective from misuse, improper installation, or faulty wiring, no credit will be issued. Under no circumstance, will EELP be responsible for back charges of any kind, including, without limitation, labor charges, equipment rental fees or late penalties unless prior written approval has been given. To activate the warranty, the product must be installed in a timely manner and maintained properly. The batteries must be placed in service and fully charged within 90 days of invoice date. Damaged products must be reported to EELP, in writing, within 10 days of the invoice date.

### **PS Series Inverters**

EELP shall warranty all inverter systems against defects in materials and workmanship for 3 year. The battery warranty will be covered for 5 years 100% and 7 years pro-rated. The warranty shall cover all parts for 3 year. To activate the warranty, the product must be installed in a timely manner and maintained properly. The batteries must be placed in service and fully charged within 90 days of invoice date

### **All Other Inverters**

EELP shall warranty all inverter systems against defects in materials and workmanship for 1 year. The battery warranty will be covered for 2 years 100% and 7 years pro-rated. The warranty shall cover all parts for 1 year. With optional start-up provided by an EELP authorized technician, on-site warranty shall be covered for one year. Maintenance contract packages and extended warranties are also be available. To activate the warranty, the product must be installed in a timely manner and maintained properly. The batteries must be placed in service and fully charged within 90 days of invoice date
